URL - http://34.94.3.143/1a9bdc5707/

You would see the above page.

Go to create new page.

After opening the page, the first thought comes to mind comes about stored XSS. So using a simple javascript xss alert - <script>alert(1)</script>

Now create page , and press go back to home. And there you go, you will see an alert box displaying a flag.

34.94.3.143 says

^FLAG^9f0e2cd9b302a4d6ef741d585ac47dc86bfe5171d9a8201e203ebe88a7bf0dc3$FLAG$

OK
